VALVES ASIA

Delivery Programme – available ex stock

Storm valves, cast steel, DN 50 – DN 150

- straight type acc. to JIS F3059
 - angle type acc. to JIS F3060
- flanges acc. to JIS B2220 – 5K or 10K

Storm valves, nodular cast iron, DN 50 – DN 150

- straight type acc. to DIN 87101-B
 - angle type acc. to DIN HNA-B
- flanges acc. to DIN EN 1092 PN 10

Butterfly valves wafer type, nodular cast iron with lever, DN 40 – DN 150

- multistandard: suitable for flanges acc. to DIN/JIS/ANSI
- ### with worm gear, DN 150 – DN 500
- multistandard: suitable for flanges acc. to DIN/JIS/ANSI

Butterfly valves lug type, nodular cast iron with lever, DN 50 – DN 150

- ### with worm gear, DN 150 – DN 400
- flanges acc. to JIS05K
- flanges acc. to DIN EN 1092 PN 10/16

Double flanged butterfly valves, nodular cast iron with lever, DN 50 – DN 150

- flanges acc. to DIN EN 1092 PN 10/16
- ### with worm gear, DN 100 – DN 500
- flanges acc. to DIN EN 1092 PN 10

Double flanged butterfly valves, U-type, nodular cast iron with worm gear, DN 200 – DN 500

flanges drilled acc. to JIS B 2210 05K or 10K

Approvals by common classification societies e.g. DNV GL, LR, ABS, CCS, RMRS a.o. are available for all valves.
